

• Question No. 1

Select the option that is related to the third term in the same way as the second term is related to the first term.

FGKL: DEMN:: HEOS: ?

Options :

1. FDOU
2. ECQU
3. EFQU
4. FCQU
- 5.

Answer : FCQU

• Question No. 2

Select the option that is related to the third term in the same way as the second term is related to the first term.

1, 10, 30, 68, ?

Options :

1. 125
2. 135
3. 130
4. 120
- 5.

Answer : 130

• Question No. 3

Which of the following numbers does NOT belong to the given number series?

-2, 6, 62, 218, 510, 998

Options :

1. 6
2. 510
3. 62
4. 218
- 5.

Answer : 218

• Question No. 4

In a certain code language TROUBLE is written as GNDWQTV. How would the word TEACHER be written in the same code language?

Options :

1. THJEDHV
2. TGJEDGV
3. TGIFDGV
4. TGJECGV
- 5.

Answer : TGJECGV

• Question No. 5

If the time shown in a clock is 8:20, then what will be the clock angle made by minute and hour hands?

Options :

1. 140°
2. 125°
3. 130°
4. 150°
- 5.

Answer : 130°

• Question No. 6

Which closed nuclear plant was commissioned again in 2019?

Options :

1. Kalpakam, Tamil Nadu
2. Tarapur, Maharashtra
3. Rawatbhata, Rajasthan
4. Kudankulam, Tamil Nadu
- 5.

Answer : Kudankulam, Tamil Nadu

• Question No. 7

On which item was more than 60% of agricultural taxes spent in 15th century India?

Options :

1. purchase of foreign goods
2. construction of palaces
3. War and arms procurement
4. rural improvement
- 5.

Answer : rural improvement

• Question No. 8

Which regions in India are specially considered for the Special Area Games Support Programme by the Sports Authority of India?

Options :

1. Village youth
2. Girls and Women
3. Youth under 18 years
4. Hill and coastal areas
- 5.

Answer : Hill and coastal areas

• Question No. 9

23 मई को मनाये जानेवाले वशिव कछुआ दविस का मुख्य फोकस क्या होता है ?

Options :

1. तालाबों और तटीय क्षेत्रों में रोपण करना

4. Java
- 5.

Answer : Indonesia

- Question No. 11

The following sentence has been divided into four parts. Identify the part that has an error.

You will have to pay heavy for this mistake of yours.

Options :

1. for this mistake
2. of yours
3. to pay heavy
4. You will have
- 5.

Answer : to pay heavy

- Question No. 12

Select the INCORRECTLY spelt word.

Options :

1. bussiness
2. accelerate
3. despair
4. belive
- 5.

Answer : bussiness

- Question No. 13

Select the option that can substitute the underlined part of the sentence. If no substitution is needed, select 'No improvement required'.

This is one of the most interesting films that has be produced on the subject of social equality.

Options :

1. which was being
2. No improvement required
3. that have been produced
4. that has been produced
- 5.

Answer : that have been produced

• Question No. 14

Select the most appropriate ANTONYM of the given word.

AUTHENTIC

Options :

1. real
2. genuine
3. spurious
4. original
- 5.

Answer : spurious

• Question No. 15

Select the most appropriate synonym of the given word.

EXAGGERATE

Options :

1. Demonstrate
2. Appreciate
3. inflate

4. eradicate

5.

Answer : inflate

• Question No. 16

_____ is a tool built into Microsoft Excel to summarize, sort, reorganize, group, count, total or average data stored in a

Options :

1. Filtering and Sorting

2. Data Analysis

3. Pivot Table

4. Power View

5.

Answer : Pivot Table

• Question No. 17

Which of the following is not a valid email address?

Options :

1. Rekha.Menon@Gmail.com

2. NARASIMHA@OUTLOOK.COM

3. vikas@vikas in

4. Aniruddha.Banerjee@ms.ind

5.

Answer : Aniruddha.Banerjee@ms.ind

• Question No. 18

The Word Count" in Google docs does not have one of the following options. Which one is it?

Options :

1. Pages
2. Paragraphs
3. Characters
4. Words
- 5.

Answer : Paragraphs

• Question No. 19

To use the exact same font type, size and colour in the title of all the slides in a PowerPoint presentation, you will:

Options :

1. Use Slide Sorter.
2. Use File Master.
3. Use Format brush and make titles identical
4. Use Slide Master.
- 5.

Answer : Use Slide Master.

• Question No. 20

The term GHz is an indicator of which feature of the computer?

Options :

1. Number of Pixels
2. Screen Resolution
3. Speed
4. Storage
- 5.

Answer : Speed

• Question No. 21

Which of the following is an Open Sourced Software?

Options :

1. Android
2. Windows
3. Internet Explorer
4. Linux
- 5.

Answer : Linux

• Question No. 22

_____ technology could be used to connect a computer to a cell phone or headphone without any wires or special connectors.

Options :

1. Wifi
2. Bluetooth
3. Infrared
4. Cloud
- 5.

Answer : Bluetooth

• Question No. 23

Match the short cuts in the left column with the functions listed in the right column, w.r.t. Microsoft Word.

- | | |
|-----------|--------------------------|
| a) Ctrl+X | i) Create a new document |
| b) Ctrl+V | ii) Search a document |

2. Twitter
3. LinkedIn
4. Instagram
- 5.

Answer : LinkedIn

• Question No. 26

Agricultural and Processed Food Products Export Development Authority was established by the Government of India in:

Options :

1. December, 1985
2. December, 1980
3. February, 1986

Options :

1. Food Safety and Healthy Nutrition.
2. Safety
3. Food adulteration
4. Hygiene
- 5.

Answer : Food Safety and Healthy Nutrition.

- Question No. 66

Micronutrient malnutrition leads to:

Options :

1. Goiter
2. Diabetes
3. PEM
4. Obesity
- 5.

Answer : Goiter

- Question No. 67

"Risk assessment" means a scientifically based process consisting of:

Options :

1. 8 steps

2. 4 steps
3. 10 steps
4. 6 steps
- 5.

Answer : 4 steps

- Question No. 68

The head office of FSSAI is situated in:

Options :

1. Mumbai
2. Bangalore
3. Delhi
4. Chennai
- 5.

Answer : Delhi

- Question No. 69

"Ingredient" means:

Options :

1. An extraneous matter present in the final product
2. A substance that gets modified in the end product
3. Any substance used to prepare food
4. A food additive used in food preparation
- 5.

Answer : Any substance used to prepare food

- Question No. 70

A healthy food contains trans fatty acids content of:

Options :

1. <0.2 gram per serving
2. <1 gram per serving
3. >1 gram per serving
4. >0.2 gram per serving
- 5.

Answer : <0.2 gram per serving

- Question No. 71

A system integrating all Food Safety Standards and Regulations for providing quick access to vertical as well as horizontal standards is called:

Options :

1. Indian Food Standards Quick Access
2. FSSAI
3. FSSA
4. International Food Standards
- 5.

Answer : Indian Food Standards Quick Access

- Question No. 72

Options :

1. Glycogenesis
2. Glycolysis
3. Glucagon
4. Glycogen
- 5.

Answer : Glycogen

- Question No. 84

Calories provided by 1g of fat is :

Options :

1. 4
2. 10
3. 8
4. 9
- 5.

Answer : 9

- Question No. 85

The dose of ionizing radiation radappertization is:

Options :

1. 30(MK) kGy
2. 20(MK) kGy
3. 10(MK) KGy
4. 3(MK) kGy
- 5.

Answer : 3(MK) kGy

- Question No. 86

Chemical preservative is defined as a chemical compound that:

Options :

1. Retard alterations caused by microorganisms in food
2. Increases the nutritional value of the fruit
3. Hasten ripening
4. Speeds up alterations caused by microorganisms in food
- 5.

Answer : Retard alterations caused by microorganisms in food

- Question No. 87

Fat soluble vitamins include:

Options :

1. Vitamin C
2. Ascorbic acid
3. Vitamin A
4. B complex vitamins
- 5.

Answer : Vitamin A

- Question No. 88

1 Gray(Gy) =

Options :

1. 10 rads

2. 100 rads
3. 1 rad
4. 1000 rads
- 5.

Answer : 100 rads

- Question No. 89

Psychrophilic microorganisms grow over the temperature range of:

Options :

1. -23 to -29 °C
2. subzero to 20 °C
3. 0 °C
4. >20 °C
- 5.

Answer : subzero to 20 °C

- Question No. 90

Radiation dose is defined as the:

Options :

1. Quantity of radiation energy liberated by the food when it passes through the radiation field during processing
2. Quantity of radiation energy scattered by the food when it passes through the radiation field during processing
3. Quantity of radiation energy absorbed by the food when it passes through the radiation field during processing
4. Quantity of radiation energy dispersed by the food when it passes through the radiation field during processing
- 5.

Answer : Quantity of radiation energy absorbed by the food when it passes through the radiation field during processing

• Question No. 91

The mineral found in hemoglobin is called as:

Options :

1. Sodium
2. Protein
3. Iron
4. Calcium
- 5.

Answer : Iron

• Question No. 92

Asepsis is a process of:

Options :

1. Keeping microorganisms out
2. Removal of microorganisms
3. Maintenance of anaerobic conditions
4. Adding chemicals
- 5.

Answer : Keeping microorganisms out

• Question No. 93

Sulphur dioxide is widely used to preserve:

Options :

1. Papads
2. Nectar
3. Cheese
4. Milk
- 5.

Answer : Nectar

• Question No. 94

Listeriosis is generally caused by:

Options :

1. Hepatitis A virus
2. L. monocytogenes
3. Norovirus
4. E. coli
- 5.

Answer : L. monocytogenes

• Question No. 95

One of the major causes for food spoilage are:

Options :

1. Lack of oxygen
2. Reaction with carbon dioxide
3. Stored at a very low temperature
4. Gain or loss of moisture
- 5.

Answer : Gain or loss of moisture

- Question No. 96

When a food spoils, its texture becomes slimy because of the:

Options :

1. Development of nitrogenous compounds
2. Chlorophyll breakdown
3. Development of sulfides
