

Direction:

Study the following information carefully and answer the questions given below.

Ten persons are sitting in two parallel rows containing five persons each in such a way that there is an equal distance between adjacent persons. In the first row, G, H, J, K and L are seated and all of them are facing south. In the 2nd row, U, V, W, X and Y are seated and all of them are facing north. Therefore, in the given seating arrangement, each member seated in a row faces another member of the other row. X sits third to the left of U. G faces an immediate neighbour of X. J sits second to the right of G. Only one person sits between H and K. V and Y are immediate neighbours. Y does not face G and H.

- Question No. 1

How many persons are seated between H and L?

Options :

1. One
2. None
3. Two
4. Three
5. None of these

Answer : Two

Direction:

Study the following information carefully and answer the questions given below.

Ten persons are sitting in two parallel rows containing five persons each in such a way that there is an equal distance between adjacent persons. In the first row, G, H, J, K and L are seated and all of them are facing south. In the 2nd row, U, V, W, X and Y are seated and all of them are facing north. Therefore, in the given seating arrangement, each member seated in a row faces another member of the other row. X sits third to the left of U. G faces an immediate neighbour of X. J sits second to the right of G. Only one person sits between H and K. V and Y are immediate neighbours. Y does not face G and H.

- Question No. 2

Who amongst the following faces K?

Options :

1. W
2. Y
3. X
4. U
5. V

Answer : Y

Direction:

Study the following information carefully and answer the questions given below.

Ten persons are sitting in two parallel rows containing five persons each in such a way that there is an equal distance between adjacent persons. In the first row, G, H, J, K and L are seated and all of them are facing south. In the 2nd row, U, V, W, X and Y are seated and all of them are facing north. Therefore, in the given seating arrangement, each member seated in a row faces another member of the other row. X sits third to the left of U. G faces an immediate neighbour of X. J sits second to the right of G. Only one person sits between H and K. V and Y are immediate neighbours. Y does not face G and H.

- Question No.3

Which of the following is true regarding V?

Options :

1. U and W are immediate neighbours of V.
2. L is an immediate neighbour of the person who is facing V.
3. V sits at one of the extreme ends of the line.
4. X sits on the immediate left of V.
5. None of these

Answer : X sits on the immediate left of V.

Direction:

Study the following information carefully and answer the questions given below.

Ten persons are sitting in two parallel rows containing five persons each in such a way that there is an equal distance between adjacent persons. In the first row, G, H, J, K and L are seated and all of them are facing south. In the 2nd row, U, V, W, X and Y are seated and all of them are facing north. Therefore, in the given seating arrangement, each member seated in a row faces another member of the other row. X sits third to the left of U. G faces an immediate neighbour of X. J sits second to the right of G. Only one person sits between H and K. V and Y are immediate neighbours. Y does not face G and H.

- Question No. 4

Who amongst the following are sitting exactly in the middle of the rows?

Options :

1. G and Y
2. K and U
3. K and X
4. U and J
5. G and V

Answer : G and V

Direction:

Study the following information carefully and answer the questions given below.

Ten persons are sitting in two parallel rows containing five persons each in such a way that there is an equal distance between adjacent persons. In the first row, G, H, J, K and L are seated and all of them are facing south. In the 2nd row, U, V, W, X and Y are seated and all of them are facing north. Therefore, in the given seating arrangement, each member seated in a row faces another member of the other row. X sits third to the left of U. G faces an immediate neighbour of X. J sits second to the right of G. Only one person sits between H and K. V and Y are immediate neighbours. Y does not face G and H.

- Question No. 5

Four of the following five are alike in a certain way and thus form a group. Which is the one that does not belong to that group?

Options :

1. J
2. W
3. K
4. L
5. U

Answer : K

Direction:

In each of the questions below are given some statements followed by some conclusions. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.

• Question No. 6

Statements: All Saturn are Pearl .

All Pearl are Saturday .

No Saturn is Mercury.

Conclusions: I. Only a few Mercury being Saturday is a possibility.

II. Only a few Saturday is Mercury.

Options :

1. None follows
2. Only I follows
3. Only II follows
4. Both I and II follow
5. Either I or II follows

Answer : Only I follows

Direction:

In each of the questions below are given some statements followed by some conclusions. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and

then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.

• Question No. 7

Statements: All post are pluto .

All pluto are space .

Only a few key are pluto .

Conclusions: I. Some key is space .

II. No key are space .

Options :

1. Only I follows
2. None follows
3. Only II follows
4. Both I and II follow
5. Either I or II follows

Answer : Only I follows

Direction:

In each of the questions below are given some statements followed by some conclusions. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.

• Question No. 8

Statements: No wire is sky .

Only a few sky are bulb .

Only a few bulb is fire .

Conclusions: I. Some sky are fire .

II. Some wire can never be bulb .

Options :

1. Both I and II follow
2. Only I follows
3. Only II follows
4. None follows
5. None of these

Answer : None follows

Direction:

In each of the questions below are given some statements followed by some conclusions. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.

- Question No.9

Statements:

No bear is bull.

All cave are bull.

Only a few bull are den.

Conclusions:

I. Some den can be cave.

II. Some bear can be den.

Options :

1. Either I or II follows
2. None follows
3. Only I follows
4. Both I and II follow
5. Only II follows

Answer : Both I and II follow

Direction:

Read the information carefully and answer the questions:

Seven persons H, J, K, L, M, N and O have weekly off on different days of the week starting from Sunday to Saturday in such a way that only one person has holiday only on one day but not necessary in the same order.

K neither have off just after nor just before H. L neither has weekly off on the first nor on the last day of the week. Equal number of persons are having off before and after H. No one have off before M. Number of persons having off between M and K is same as between N and L. K does not have off before J. O does not have weekly off before J.

- Question No. 10

K has off on which of the following day?

Options :

1. Tuesday
2. Monday
3. Thursday
4. Wednesday
5. None of these

Answer : None of these

Direction:

Read the information carefully and answer the questions:

Seven persons H, J, K, L, M, N and O have weekly off on different days of the week starting from Sunday to Saturday in such a way that only one person has holiday only on one day but not necessary in the same order.

K neither have off just after nor just before H. L neither has weekly off on the first nor on the last day of the week. Equal number of persons are having off before and after H. No one have off before M. Number of persons having off between M and K is same as between N and L. K does not have off before J. O does not have weekly off before J.

- Question No. 11

Which of the following persons has off on Monday?

Options :

1. H
2. J
3. K
4. L
5. None of these

Answer : L

Direction:

Read the information carefully and answer the questions:

Seven persons H, J, K, L, M, N and O have weekly off on different days of the week starting from Sunday to Saturday in such a way that only one person has holiday only on one day but not necessary in the same order.

K neither have off just after nor just before H. L neither has weekly off on the first nor on the last day of the week. Equal number of persons are having off before and after H. No one have off before M. Number of persons having off between M and K is same as between N and L. K does not have off before J. O does not have weekly off before J.

- Question No. 12

Who has weekly off immediate after J?

Options :

1. H
2. N
3. L
4. K
5. None of these

Answer : H

Direction:

Read the information carefully and answer the questions:

Seven persons H, J, K, L, M, N and O have weekly off on different days of the week starting from Sunday to Saturday in such a way that only one person has holiday only on one day but not necessary in the same order.

K neither have off just after nor just before H. L neither has weekly off on the first nor on the last day of the week. Equal number of persons are having off before and after H. No one have off before M. Number of persons having off between M and K is same as between N and L. K does not have off before J. O does not have weekly off before J.

• Question No. 13

How many persons has off after J?

Options :

1. Four
2. One
3. Two
4. Three
5. None

Answer : Four

Direction:

Read the information carefully and answer the questions:

Seven persons H, J, K, L, M, N and O have weekly off on different days of the week starting from Sunday to Saturday in such a way that only one person has holiday only on one day but not necessary in the same order.

K neither have off just after nor just before H. L neither has weekly off on the first nor on the last day of the week. Equal number of persons are having off before and after H. No one have off before M. Number of persons having off between M and K is same as between N and L. K does not have off before J. O does not have weekly off before J.

• Question No. 14

In a certain way, M is related to Tuesday and H is related to Friday, then J is related to whom?

Options :

1. Thursday
2. Monday
3. Sunday

- 4. Saturday
- 5. None of these

Answer : Thursday

Direction:

Study the following information carefully and answer the questions given below:

Eight people A, B, C, D, E, F, G and H are sitting in a circle facing the centre. All of them belong to different states viz — UP, Goa, Tamil Nadu, Sikkim, Punjab, J and K, Manipur and Gujarat. They are not necessarily seated in the mentioned order.

Two persons sit between E and the one who belongs to Sikkim. The person who belongs to Gujarat sits adjacent to the one who belongs to Sikkim. B belongs to Tamil Nadu. A belongs to UP and sits opposite to E. D sits opposite to the one who belongs to Punjab. H belongs to Manipur and sits second to the right of the one who belongs to Sikkim. E belongs to Goa. C belongs to Punjab. C is an immediate neighbour of the person who belongs to J and K. G sits third to the right of B. D belongs to Sikkim.

- Question No. 15

Who amongst the following belongs to 'J and K'?

Options :

- 1. D
- 2. H
- 3. F
- 4. C
- 5. None of these

Answer : F

Direction:

Study the following information carefully and answer the questions given below:

Eight people A, B, C, D, E, F, G and H are sitting in a circle facing the centre. All of them belong to different states viz — UP, Goa, Tamil Nadu, Sikkim, Punjab, J and K, Manipur and Gujarat. They are not necessarily seated in the mentioned order.

Two persons sit between E and the one who belongs to Sikkim. The person who belongs to Gujarat sits adjacent to the one who belongs to Sikkim. B belongs to Tamil Nadu. A belongs to UP and sits opposite to E. D sits opposite to the one who belongs to Punjab. H belongs to Manipur and sits second to the right of the one who belongs to Sikkim. E belongs to Goa. C belongs to Punjab. C is an immediate neighbour of the person who belongs to J and K. G sits third to the right of B. D belongs to Sikkim.

• Question No. 16

What is F's position with respect to D?

Options :

1. Second to the right
2. Third to the right
3. Third to the left
4. Second to the left
5. Fourth to the right

Answer : Third to the left

Direction:

Study the following information carefully and answer the questions given below:

C belongs to Punjab. C is an immediate neighbour of the person who belongs to J and K. G sits third to the right of B. D belongs to Sikkim.

- Question No. 18

Four of the following five pairs are alike in a certain way based on their positions in the above arrangement and so form a group. Which of the following does not belong to the group?

Options :

1. A- Sikkim
2. A- UP
3. C- J and K
4. B- UP

5. H- Goa

Answer : A- UP

Direction:

Study the following information carefully and answer the questions given below:

Eight people A, B, C, D, E, F, G and H are sitting in a circle facing the centre. All of them belong to different states viz — UP, Goa, Tamil Nadu, Sikkim, Punjab, J and K, Manipur and Gujarat. They are not necessarily seated in the mentioned order.

Two persons sit between E and the one who belongs to Sikkim. The person who belongs to Gujarat sits adjacent to the one who belongs to Sikkim. B belongs to Tamil Nadu. A belongs to UP and sits opposite to E. D sits opposite to the one who belongs to Punjab. H belongs to Manipur and sits second to the right of the one who belongs to Sikkim. E belongs to Goa. C belongs to Punjab. C is an immediate neighbour of the person who belongs to J and K. G sits third to the right of B. D belongs to Sikkim.

• Question No. 19

Which one of the following statements is true according to the above mentioned arrangement?

Options :

1. The one who belongs to Goa sits opposite to E.
2. E is to the immediate left of C.
3. B sits opposite to G.
4. E is to the immediate right of the one who belongs to Tamil Nadu.
5. None of these

Answer : E is to the immediate left of C.

• Question No. 20

How many pairs of letters are there in the word 'IMMEDIATE' which have as many letters between them in the word (in both forward and backward directions) as they have between them in the English alphabetical series.

Options :

1. Three
2. One
3. More than three
4. Two
5. None

Answer : Two

• Question No. 21

If it is possible to make a meaningful word, using the 2nd, 4th, 5th and 7th letters of the word 'NAVIGATION', then which letter is third letter from left of the word thus formed? If no such word is formed, mark the answer as 'X'. If more than one word can be formed mark the answer as 'Z'.

Options :

1. A
2. I
3. T
4. X
5. Z

Answer : I

Direction:

In each of the questions, relationships between some elements are shown in the statements. These statements are followed by two conclusions numbered I and II. Read the statements and give the Answer.

• Question No. 22

Statements:

$M < A < K \leq V; L \leq K > Z$

Conclusions:

I. $L \leq V$

II. $Z < M$

Options :

1. Only conclusion II is true
2. Neither conclusion I nor conclusion II is true
3. Only conclusion I is true
4. Either conclusion I or conclusion II is true
5. Both conclusions I and II are true

Answer : Only conclusion I is true

Direction:

In each of the questions, relationships between some elements are shown in the statements. These statements are followed by two conclusions numbered I and II. Read the statements and give the Answer.

- Question No. 23

Statements:

$V = R > O = T \leq U$

Conclusions:

I. $T < V$

II. $U \geq R$

Options :

1. Only conclusion II is true
2. Neither conclusion I nor conclusion II is true
3. Only conclusion I is true
4. Either conclusion I or conclusion II is true
5. Both conclusions I and II are true

Answer : Only conclusion I is true

Direction:

In each of the questions, relationships between some elements are shown in the statements. These statements are followed by two conclusions numbered I and II. Read the statements and give the Answer.

- Question No. 24

Statements:

$$X < N = P \leq D; N < K$$

Conclusions:

I. $K > D$

II. $X < P$

Options :

1. Only conclusion II is true
2. Neither conclusion I nor conclusion II is true
3. Only conclusion I is true
4. Either conclusion I or conclusion II is true
5. Both conclusions I and II are true

Answer : Only conclusion II is true

Direction:

Study the following information carefully and answer the questions given below:

A certain number of persons are sitting in a row facing north. The number of persons sitting between P and V is same as between V and S. P and S are left to Q and not less than four persons sit between them. Eight persons are sitting to the left of Q. W is immediate left to V. Two persons sit between T and R, who is third to the right of U. Only one person sits between Q and U. Not more than ten sit between S and the one who is immediate right to T.

- Question No. 25

How many persons could sit in the row?

Options :

1. 14
2. 23

- 3. 18
- 4. 15
- 5. 20

Answer : 18

Direction:

Study the following information carefully and answer the questions given below:

A certain number of persons are sitting in a row facing north. The number of persons sitting between P and V is same as between V and S. P and S are left to Q and not less than four persons sit between them. Eight persons are sitting to the left of Q. W is immediate left to V. Two persons sit between T and R, who is third to the right of U. Only one person sits between Q and U. Not more than ten sit between S and the one who is immediate right to T.

- Question No. 26

What is the position of 'W' with respect to 'Q'?

Options :

- 1. Fifth to the right
- 2. Fourth to the right
- 3. Eighth to the right
- 4. Fourth to the left
- 5. Sixth to the left

Answer : Sixth to the left

Direction:

Study the following information carefully and answer the questions given below:

A certain number of persons are sitting in a row facing north. The number of persons sitting between P and V is same as between V and S. P and S are left to Q and not less than four persons sit between them. Eight persons are sitting to the left of Q. W is immediate left to V. Two persons sit between T and R, who is third to the right of U. Only one person sits between Q and U. Not more than ten sit between S and the one who is immediate right to T.

- Question No. 27

If 'A' sits immediate right of 'U' then how many persons sit between 'A' and 'S'?

Options :

1. Five
2. Six
3. Four
4. Three
5. None of these

Answer : Four

Direction:

Study the following information carefully and answer the questions given below:

A certain number of persons are sitting in a row facing north. The number of persons sitting between P and V is same as between V and S. Two persons sit between T and R, who is third to the right of U. Only one person sits between Q and U. Not more than ten sit between S and the one who is immediate right to T.

- Question No. 28

Who among the following is fourth to the right of W?

Options :

1. W
2. P
3. Q
4. S
5. R

Answer : S

Direction:

Study the information carefully and answer the questions given below.

A person starts walking from A towards east direction to reach B, which is 18m east to A. He then takes a right turn and walks 24 m to reach point C. From C, he takes left turn and walks 20m to point D, then again, he takes a left turn

and walks 12m to point E. From E, he takes a left turn and walks 24m to reach point F. He then takes a right turn and walks 6m to reach G and finally takes a left turn to reach point H, which is 14m away from G.

- Question No. 29

In which direction is point B with respect to point F?

Options :

1. North
2. North-west
3. South-east
4. South
5. North-east

Answer : North-east

Direction:

Study the information carefully and answer the questions given below.

A person starts walking from A towards east direction to reach B, which is 18m east to A. He then takes a right turn and walks 24 m to reach point C. From C, he takes left turn and walks 20m to point D, then again, he takes a left turn and walks 12m to point E. From E, he takes a left turn and walks 24m to reach point F. He then takes a right turn and walks 6m to reach G and finally takes a left turn to reach point H, which is 14m away from G.

- Question No. 30

How far is point A from point H?

Options :

1. 5m
2. 6m
3. 8m
4. 4m
5. 12m

Answer : 6m

Direction:

Study the following digit-letter-symbol sequence carefully and answer the questions given below:

C % B

- Question No. 31

How many such symbols are there in the above sequence, each of which is immediately followed by a perfect cube of a number?

Options :

1. One
2. None
3. Four
4. Two
5. None of these

Answer : One

Direction:

Study the following digit-letter-symbol sequence carefully and answer the questions given below:

- Question No. 32

Which of the following element is fifth to the left of sixteenth element from the left?

Options :

1. C
2. %
3. Z
4. #
5. None of these

Answer : Z

Direction:

Study the following digit-letter-symbol sequence carefully and answer the questions given below:

C % B

- Question No. 33

If all the numbers are dropped in the given series, then which element will be at eight position from right end?

Options :

1. U
2. +
3. K
4. W
5. None of these

Answer : W

Direction:

Study the following digit-letter-symbol sequence carefully and answer the questions given below:

C % B

- Question No. 34

If the first fifteen elements in the above sequence are written in reverse order, then which of the following element will be twenty-fourth from the right end?

Options :

1. U
2. 2
3. P
4. L
5. None of these

Answer : U

Direction:

Study the following digit-letter-symbol sequence carefully and answer the questions given below:

C % B

- Question No. 35

How many such numbers are there in the above sequence, each of which is immediately followed by a symbol and immediately preceded by a number?

Options :

1. Two
2. Three
3. None
4. Four
5. One

Answer : None

Direction:

What will come in the place of question mark (?) in the following number series:

- Question No. 36

11, ?, 16, 21, 29, 41

Options :

1. 9
2. 12
3. 13
4. 10
5. None of these

Answer : 13

Direction:

What will come in the place of question mark (?) in the following number series:

- Question No. 37

4, 3, 4, 9, 32, ?

3. 90
4. 96
5. None of these

Answer : 155

Direction:

What will come in the place of question mark (?) in the following number series:

- Question No. 38

0, 6, 24, 60, ?, 210

Options :

1. 150
2. 110
3. 130
4. 120
5. None of these

Answer : 120

Direction:

What will come in the place of question mark (?) in the following number series:

- Question No. 39

1800, ?, 60, 15, 5, 2.5

Options :

1. 210
2. 180
3. 300
4. 150
5. None of these

Answer : 300

Direction:

What will come in the place of question mark (?) in the following number series:

- Question No. 40

?, 100, 150, 375, 1312.5

Options :

1. 200
2. 75
3. 50
4. 150
5. None of these

Answer : 200

- Question No. 41

Difference of the compound interest received in first year and second year at 30% per annum at CI is Rs 1800 then find the sum?

Options :

1. Rs 12,000
2. Rs 20,000
3. Rs 18,000

- 4. Rs 15,000
- 5. None of these

Answer : Rs 20,000

• Question No. 42

Find the total distance covered by boat in each upstream and downstream in 6 hours if the speed of boat in still water and speed of current is 24 km/h and 6 km/h respectively?

Options :

- 1. 244 km
- 2. 262 km
- 3. 296 km
- 4. 288 km
- 5. None of these

Answer : 288 km

• Question No. 43

Ratio of income of P to that of Q is 5:11. If expenditure of P is $\frac{5}{8}$ th of his income and expenditure of Q is $\frac{4}{9}$ th of his income and sum of their saving is Rs 2875, then find the difference between their income?

Options :

- 1. Rs 1080
- 2. Rs 2160
- 3. Rs 1260
- 4. Rs 1820
- 5. None of these

Answer : Rs 2160

• Question No. 44

Ankit alone can do a work in 24 days while Ankit and Ashish together can do that work in 15 days. Find the time taken by Ajay alone to do that work if Ajay takes 6 days more than that of Ashish alone to do that work?

Options :

1. 66 days
2. 60 days
3. 54 days
4. 46 days
5. None of these

Answer : 46 days

- Question No. 45

Ratio of base and perpendicular side of a right-angled triangle is 3:4 and its base is equal to the side of a square having area 144 cm^2 . Find the perimeter of the triangle?

Options :

1. 48 cm
2. 36 cm
3. 42 cm
4. 56 cm
5. None of these

Answer : 48 cm

Direction:

What will come in place of (?) question mark in the following questions?

- Question No. 46

$$486 \div ? \times 7392 \div 66 = 1008$$

Options :

1. 36

- 2. 46
- 3. 54
- 4. 64
- 5. None of these

Answer : 54

Direction:

What will come in place of (?) question mark in the following questions?

- Question No. 47

$$(0.05 \times 6.25) \div 2.5 = ?$$

Options :

- 1. 1.25
- 2. 0.125
- 3. 0.0125
- 4. 12.5
- 5. None of these

Answer : 0.125

Direction:

What will come in place of (?) question mark in the following questions?

- Question No. 48

$$1496 \div 17 = ?\% \text{ of } 220$$

Options :

- 1. 20
- 2. 25
- 3. 50
- 4. 40
- 5. None of these

Answer : 40

Direction:

What will come in place of (?) question mark in the following questions?

- Question No. 49

$$(2/7) \times (5/6) \times (3/8) \times ? = 90$$

Options :

1. 1008
2. 1320
3. 680
4. 916
5. None of these

Answer : 1008

Direction:

What will come in place of (?) question mark in the following questions?

- Question No. 50

$$\sqrt[14]{(2/7)} \text{ \% of } 4200 \div \sqrt{576} = (?)^{1/2}$$

Options :

1. 125
2. 225
3. 25
4. 625
5. None of these

Answer : 625

Direction:

In each of these questions, two equations (I) and (II) are given. You have to solve both the equations and give answer

- Question No. 51

I. $x^2 - 13x + 40 = 0$

II. $2y^2 - y - 15 = 0$

Options :

1. if $x > y$
2. if $x \geq y$
3. if $x < y$
4. if $x \leq y$
5. if $x = y$ or no relation can be established between x and y .

Answer : if $x > y$

Direction:

In each of these questions, two equations (I) and (II) are given. You have to solve both the equations and give answer

- Question No. 52

I. $5x^2 + 17x + 6 = 0$

II. $2y^2 + 11y + 12 = 0$

Options :

1. if $x > y$
2. if $x \geq y$
3. if $x < y$
4. if $x \leq y$
5. if $x = y$ or no relation can be established between x and y .

Answer : if $x = y$ or no relation can be established between x and y .

Direction:

In each of these questions, two equations (I) and (II) are given. You have to solve both the equations and give answer

- Question No. 53

I. $7x^2 - 19x + 10 = 0$

II. $8y^2 + 2y - 3 = 0$

Options :

1. if $x > y$
2. if $x \geq y$
3. if $x < y$
4. if $x \leq y$
5. if $x = y$ or no relation can be established between x and y .

Answer : if $x > y$

Direction:

In each of these questions, two equations (I) and (II) are given. You have to solve both the equations and give answer

- Question No. 54

I. $x^2 - 8x + 15 = 0$

II. $y^2 - 3y + 2 = 0$

Options :

1. if $x > y$
2. if $x \geq y$
3. if $x < y$
4. if $x \leq y$
5. if $x = y$ or no relation can be established between x and y .

Answer : if $x > y$

Direction:

In each of these questions, two equations (I) and (II) are given. You have to solve both the equations and give answer

- Question No. 55

I. $3x^2 - 7x + 4 = 0$

II. $2y^2 - 9y + 10 = 0$

Options :

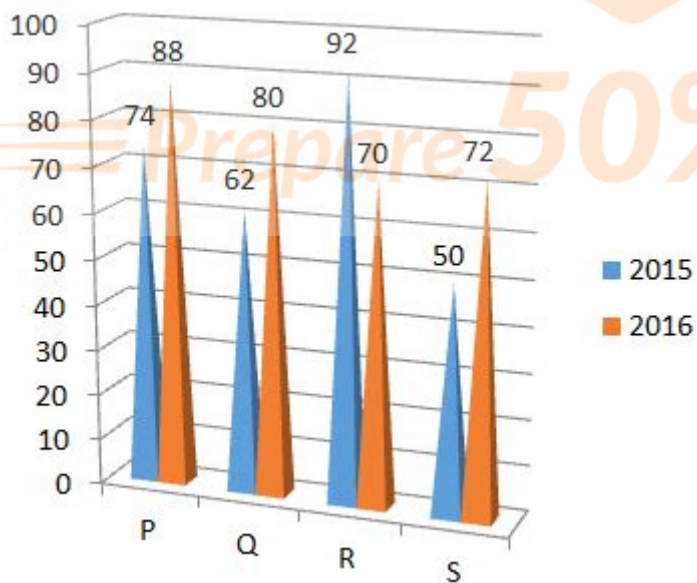

1. if $x > y$
2. if $x \geq y$
3. if $x < y$
4. if $x \leq y$
5. if $x = y$ or no relation can be established between x and y .

Answer : if $x < y$

Direction:

Study the bar chart given below and answer the following questions.

Bar chart shows the number of books read by 4 different persons (P, Q, R & S) in 2015 and 2016.

- Question No. 56

Find average number of books read by P, R & S in 2015.

Options :

1. 64
2. 81
3. 72
4. 54
5. None of these

Answer : 72

Direction:

Study the bar chart given below and answer the following questions.

Bar chart shows the number of books read by 4 different persons (P, Q, R & S) in 2015 and 2016.

- Question No. 57

Find ratio of books read by Q & R together in 2015 to books read by P & S together in 2016.

Options :

1. 50:63
2. 33:40
3. 30:55
4. 77:80

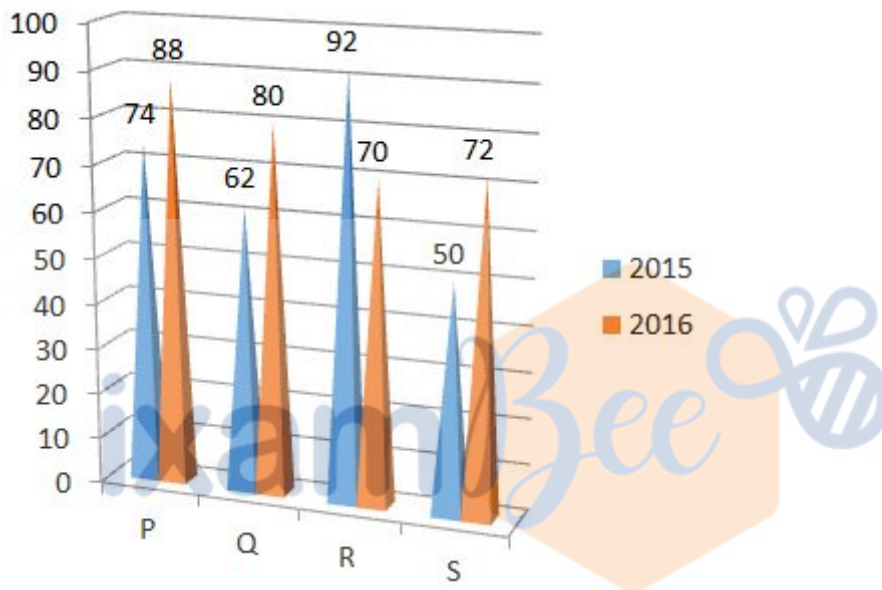

5. None of these

Answer : 77:80

Direction:

Study the bar chart given below and answer the following questions.

Bar chart shows the number of books read by 4 different persons (P, Q, R & S) in 2015 and 2016.

• Question No. 58

Books read by P & S together in 2015 are approximately what percent more than books read by R in 2016?

Options :

1. 64%
2. 77%
3. 82%
4. 59%
5. None of these

Answer : 77%

Direction:

Study the bar chart given below and answer the following questions.

Bar chart shows the number of books read by 4 different persons (P, Q, R & S) in 2015 and 2016.

- Question No. 59

Books read by P & R together in 2015 are how much more or less than books read by Q & S together in 2016?

Options :

1. 13%
2. 7%
3. 9%
4. 18%
5. None of these

Answer : 9%

Direction:

Study the bar chart given below and answer the following questions.

Bar chart shows the number of books read by 4 different persons (P, Q, R & S) in 2015 and 2016.

- Question No. 60

Books read by Q & R together in 2016 is approximately what percent of books read by Q in 2015?

Options :

1. 242%
2. 226%
3. 214%
4. 268%
5. None of these

Answer : 242%

Direction:

What will come in place of (?) question mark in the following questions?

- Question No. 61

35% of $150 \times 16 = ? - 22$

Options :

1. 862

- 2. 724
- 3. 628
- 4. 930
- 5. None of these

Answer : 862

Direction:

What will come in place of (?) question mark in the following questions?

- Question No. 62

$$(3080 + 6160) \div ? = 330$$

Options :

- 1. 22
- 2. 36
- 3. 28
- 4. 14
- 5. None of these

Answer : 28

Direction:

What will come in place of (?) question mark in the following questions?

- Question No. 63

$$(36\% \text{ of } 180) \div 0.4 = ?$$

Options :

- 1. 124
- 2. 148
- 3. 176
- 4. 162
- 5. None of these

Answer : 162

Direction:

What will come in place of (?) question mark in the following questions?

- Question No. 64

$$(17.28 \div ?) / (3.6 \times 0.2) = 200$$

Options :

1. 1.12
2. 1.20
3. 0.02
4. 0.12
5. None of these

Answer : 0.12

Direction:

What will come in place of (?) question mark in the following questions?

- Question No. 65

$$0.08\% \text{ of } 55500 - 16.4 = ?$$

Options :

1. 16
2. 28
3. 22
4. 14
5. None of these

Answer : 28

- Question No. 66

A person travels half of the distance at the speed of x km/h and remaining half of the distance at $4x$ km/h. Find the value of 'x' if the average speed is 44.8 km/h?

Options :

1. 23 km/hr
2. 28 km/hr
3. 26 km/hr
4. 22 km/hr
5. None of these

Answer : 28 km/hr

- Question No. 67

P, Q and R invested in a ratio of 5: 6: 3 in a business. They got an annual profit of Rs. 55440. If P and R withdrew their amount at the end of 3 months and 7 months respectively. Then find the difference between P and R's share of profit?

Options :

1. Rs 5,120
2. Rs 4,240
3. Rs 3,080
4. Rs 6,260
5. None of these

Answer : Rs 3,080

- Question No. 68

Retailer sold one article at 12.5% profit and another at 20% profit. Find his overall profit percentage if the selling price of both the article is same?

Options :

1. 12%

- 2. 16%
- 3. 28%
- 4. 24%
- 5. None of these

Answer : 16%

• Question No. 69

A mixture has milk and water in the ratio 4: 1. When 50% of the mixture is taken out and replaced by 24 liters of water then the ratio of milk to water in the mixture becomes 1: 1. Find initial quantity of mixture.

Options :

- 1. 70 liters
- 2. 90 liters
- 3. 80 liters
- 4. 60 liters
- 5. None of these

Answer : 80 liters

• Question No. 70

4 years ago, ratio of S's age to D's age was 2:3 and ratio of S's age 4 years ago to D's age 5 years hence is 8:15. Find present age of S.

Options :

- 1. 24 years
- 2. 28 years
- 3. 32 years
- 4. 36 years
- 5. None of these

Answer : 28 years

Direction:

Read the following passage and answer the following questions based on the given passage. Some of the words are highlighted which would help you to answer some of the questions given.

For years, world-wide organisations have become increasingly excited about the prospect of a cloud-based future. As the dream becomes an ever closer reality for many kinds of business and, Forrester predicted that enterprise spending on cloud services is **set to surge**. IDC also predicted that global spending on public cloud services and infrastructure would reach \$210bn in 2019, an increase of 24% from 2018. But one obstacle stands create friction and introduce risk: the process of migration.

As all indications point to a **massive** shift in data deployments to the cloud, it is more important than ever that the transition from on-premises to Cloud is as risk free as possible. In today's climate any loss or disruption to data can have a huge business impact. It's a complex process, is frequently underestimated and many organisations have found there's lots that can go wrong that can impact the business. Organisations across the globe have found the cloud to be an ideal place to run modern data applications due to big data's elastic resource requirements. Furthermore, with the lack of data talent an ever-looming issue for most companies today they have been determined to **adopt** a cloud-first strategy to ensure business operations are accessible for a range of employees. The cloud offers great promise for developers especially, as it can increase the speed at which they develop software features and increase the resilience of applications once they are deployed - along with enhanced security through the use of multiple server locations. With all this considered, it is no surprise that 42% of UK businesses leverage some kind of cloud service, according to Eurostat.

However, all the perceived benefits of leveraging the cloud are redundant if organisations come up against barriers to accessing cloud services. Cloud-based data pipelines still suffer from complexity challenges at the moment, along with the lack of visibility into cost and resource usage at the application and user level. The answer to this is automation fueled by robust Machine learning training models and artificial intelligence. These concepts and the tools that enable them can determine the prerequisites of cloud infrastructure, application dependencies, the appropriate target cloud instance profiles, and provide troubleshooting in real-time

To summarise, the promise of the cloud has created a sense of excitement amongst enterprises, however, they have proceeded to go **full steam ahead** into adopting a cloud service, without sufficient data to **ensure** performance service level agreements (SLAs).

- Question No. 71

How can we tackle the risks associated with the process of migration?

Options :

1. By ensuring that organisations only migrate the apps to the cloud that will thrive in the cloud.
2. The surge in the investment in the cloud technology.
3. The use of predictive power of Artificial Intelligence.
4. The transition from on-premises to Cloud
5. None of these

Answer : The use of predictive power of Artificial Intelligence.

Direction:

tools that enable them can determine the prerequisites of cloud infrastructure, application dependencies, the appropriate target cloud instance profiles, and provide troubleshooting in real-time

To summarise, the promise of the cloud has created a sense of excitement amongst enterprises, however, they have proceeded to go **full steam ahead** into adopting a cloud service, without sufficient data to **ensure** performance service level agreements (SLAs).

- Question No. 72

Why the promise of the cloud has created a sense of excitement amongst enterprises?

Options :

1. As it ensures that business operations are accessible for a range of employees.
2. As the enterprise spending on cloud services is surging.
3. Reduction in the cost of operation it may entail.
4. The secure platform it provides to the data it stores.
5. None of these

Answer : As it ensures that business operations are accessible for a range of employees.

As the dream becomes an ever closer reality for many kinds of business and, Forrester predicted that enterprise spending on cloud services is **set to surge**. IDC also predicted that global spending on public cloud services and infrastructure would reach \$210bn in 2019, an increase of 24% from 2018. But one obstacle stands create friction and introduce risk: the process of migration.

As all indications point to a **massive** shift in data deployments to the cloud, it is more important than ever that the transition from on-premises to Cloud is as risk free as possible. In today's climate any loss or disruption to data can have a huge business impact. It's a complex process, is frequently underestimated and many organisations have found there's lots that can go wrong that can impact the business. Organisations across the globe have found the cloud to be an ideal place to run modern data applications due to big data's elastic resource requirements. Furthermore, with the lack of data talent an ever-looming issue for most companies today they have been determined to **adopt** a cloud-first strategy to ensure business operations are accessible for a range of employees.

The cloud offers great promise for developers especially, as it can increase the speed at which they develop software features and increase the resilience of applications once they are deployed - along with enhanced security through the use of multiple server locations. With all this considered, it is no surprise that 42% of UK businesses leverage some kind of cloud service, according to Eurostat.

However, all the perceived benefits of leveraging the cloud are redundant if organisations come up against barriers to accessing cloud services. Cloud-based data pipelines still suffer from complexity challenges at the moment, along with the lack of visibility into cost and resource usage at the application and user level. The answer to this is automation fueled by robust Machine learning training models and artificial intelligence. These concepts and the tools that enable them can determine the prerequisites of cloud infrastructure, application dependencies, the

appropriate target cloud instance profiles, and provide troubleshooting in real-time

To summarise, the promise of the cloud has created a sense of excitement amongst enterprises, however, they have proceeded to go **full steam ahead** into adopting a cloud service, without sufficient data to **ensure** performance service level agreements (SLAs).

• Question No. 78

Which of the following words is most OPPOSITE to the word "MASSIVE" as given in the passage?

Options :

1. Prominent
2. Insignificant
3. Enlarged
4. Filthy
5. Vouch

Answer : Insignificant

Direction:

In the following question, some part of the sentence may have errors. Find out which part of the sentence has an error and select the appropriate option. If a sentence is free from error, select 'No Error'.

• Question No. 79

While discretion and quiet negotiations are useful, (A) / such divergence in public statements also fuels (B) / speculation that something deeper (C) / and more troubling exist on the ground. (D) / No error. (E)

Options :

1. A
2. B
3. C
4. D
5. E

Answer : D

Direction:

In the following question, some part of the sentence may have errors. Find out which part of the sentence has an error and select the appropriate option. If a sentence is free from error, select 'No Error'.

- Question No. 80

With a coastline that extends (A) / over 3000 kilometers, the country (B) / is quiet a revelation, especially in (C) / comparison to its Middle Eastern neighbours. (D) / No error. (E)

Options :

1. A
2. B
3. C
4. D
5. E

Answer : C

Direction:

In the following question, some part of the sentence may have errors. Find out which part of the sentence has an error and select the appropriate option. If a sentence is free from error, select 'No Error'.

- Question No. 81

This is bound to raise eyebrows (A) / given that the boundary with the neighboring country(B) / has seen heavy shelling and risen (C) / military and civilian casualties in the past year. (D) / No error (E)

Options :

1. A
2. B
3. C
4. D

5. E

Answer : C

Direction:

In the following question, some part of the sentence may have errors. Find out which part of the sentence has an error and select the appropriate option. If a sentence is free from error, select 'No Error'.

• Question No. 82

Middle Eastern mythology says that (A) / Sinbad the Sailor was born from Oman and he (B) / set sail on his legendary voyages from (C) / Sohar, a maritime port in the northern part of the country. (D) / No error. (E)

Options :

1. A

2. B

3. C

4. D

5. E

Answer : B

Direction:

In the following question, some part of the sentence may have errors. Find out which part of the sentence has an error and select the appropriate option. If a sentence is free from error, select 'No Error'.

• Question No. 83

The porch garden with its vibrant flowering (A) / plants growing out of broken-rimmed pots on rock (B) / shelves, and green vines clambering on textured (C) / walls, threw open memories of past footfalls. (D) / No error. (E)

Options :

1. A

2. B

3. C

4. E

5. D

Answer : E

Direction:

In the following question, some part of the sentence may have errors. Find out which part of the sentence has an error and select the appropriate option. If a sentence is free from error, select 'No Error'.

• Question No. 84

The dust risen like (A) / billowing clouds as the (B) / cab pulled up around (C) / the corner of 5th A Cross. (D) / No error (E)

Options :

1. A

2. B

3. C

4. D

5. E

Answer : A

Direction:

In the following question, some part of the sentence may have errors. Find out which part of the sentence has an error and select the appropriate option. If a sentence is free from error, select 'No Error'.

• Question No. 85

The court has reiterated that the (A) / grant of a certificate by the (B) / CBFC denudes the state of the power (C) / to prevent the exhibit of a film. (D) / No error (E)

Options :

1. A

2. B

3. C

4. D

5. E

Answer : D

Direction:

In the following question, sentence given with blank to be filled in with an appropriate word(s). Four alternatives are suggested for the question. Choose the correct alternative out of the four and indicate it by selecting the appropriate option.

• Question No. 86

The senior player's father wants the kids of the region to get the same _____ and opportunities his son enjoyed.

Options :

1. logics
2. hindrances
3. benefits
4. speed
5. None of these

Answer : benefits

Direction:

In the following question, sentence given with blank to be filled in with an appropriate word(s). Four alternatives are suggested for the question. Choose the correct alternative out of the four and indicate it by selecting the appropriate option.

• Question No. 87

He is _____ of his responsibilities not only as a father to son, but also as a father figure to the kids in the region.

Options :

1. aware

2. lack
3. due
4. leader
5. None of these

Answer : aware

Direction:

In the following question, sentence given with blank to be filled in with an appropriate word(s). Four alternatives are suggested for the question. Choose the correct alternative out of the four and indicate it by selecting the appropriate option.

- Question No. 88

A higher opening in the domestic equity market with key indices soaring to new highs, influenced the rupee_____.

Options :

1. trend
2. uptrend
3. trench
4. trencher
5. None of these

Answer : uptrend

Direction:

In the following question, sentence given with blank to be filled in with an appropriate word(s). Four alternatives are suggested for the question. Choose the correct alternative out of the four and indicate it by selecting the appropriate option.

- Question No. 89

Hardening of interest rates in the US leads to flight of foreign capital from _____ markets due to better yields.

Options :

1. emerging
2. holding
3. tired
4. gross
5. None of these

Answer : emerging

Direction:

In the following question, sentence given with blank to be filled in with an appropriate word(s). Four alternatives are suggested for the question. Choose the correct alternative out of the four and indicate it by selecting the appropriate option.

- Question No. 90

Increased _____ of the American currency by exporters and banks amid a higher opening in the domestic equity market lifted the domestic currency.

Options :

1. joining
2. crude
3. selling
4. board
5. None of these

Answer : selling

Direction:

In each question below five words have been printed in bold, of which one word may be wrongly spelled or inappropriate in the context of the sentence. Mark that word as the answer.

- Question No. 91

With **raising** greenhouse gases, their **impact** can only **intensify**. Heatwaves may become more **frequent**; good action plans can help prepare for the **worst**.

Options :

1. raising
2. impact
3. intensify
4. frequent
5. worst

Answer : raising

Direction:

In these questions, sentences with four bold words are given. One from four words given in the bold may be either wrongly spelt or inappropriate in the context of the sentence. Find out the word which is wrongly spelt or inappropriate, if any. That word will be your answer. If all words given in the bold are correctly spelt and also appropriate in the context of the sentence, then 'All Correct' is your answer.

- Question No. 92

Villagers **killed** two **people** transporting cattle **in** the state less **then** two weeks ago.

Options :

1. killed
2. people
3. in
4. then
5. All correct

Answer : then

Direction:

In each question below, four words are printed in bold type. One of these words given in bold may be either wrongly spelt or inappropriate in the context of the sentence. Find out the word that is inappropriate or wrongly spelt, if there is any. That word is your answer. If the sentence is correct as it is and 'No correction is required',

mark 5) as the answer.

- Question No. 93

The **more** money the governments **pored** into it, the **harder** it was to **walk** away.

Options :

1. more
2. pored
3. harder
4. walk
5. No correction required

Answer : pored

Direction:

In each question below, four words are printed in bold type. One of these words given in bold may be either wrongly spelt or inappropriate in the context of the sentence. Find out the word that is inappropriate or wrongly spelt, if there is any. That word is your answer. If the sentence is correct as it is and 'No correction is required', mark 5) as the answer.

- Question No. 94

Result **of** the test is **expected** to be out **sometimes** **next** month

Options :

1. of
2. expected
3. sometimes
4. next
5. No correction required

Answer : sometimes

Direction:

In each question below, four words are printed in bold type. One of these words given in bold may be either wrongly spelt or inappropriate in the context of the sentence. Find out the word that is inappropriate or wrongly spelt, if there is any. That word is your answer. If the sentence is correct as it is and 'No correction is required', mark 5) as the answer.

• Question No. 95

The political **retoric** of foreign **aggression** is **backed** up by very **brisk** policing at home.

Options :

1. retoric
2. aggression
3. backed
4. brisk
5. No correction required

Answer : retoric

Direction:

Given sentences are not in their exact position. Rearrange them to make a coherent paragraph and then answer the questions given below.

- A. It can even make exercise more fun and productive.
- B. Plus, hearing others laugh, even for no apparent reason, can often trigger genuine laughter.
- C. To add simulated laughter into your own life, search for laugh yoga or laugh therapy groups. Or you can start simply by laughing at other people's jokes, even if you don't find them funny.
- D. A Georgia State University study found that incorporating bouts of simulated laughter into an exercise program helped improve older adults' mental health as well as their aerobic endurance.
- E. Believe it or not, it's possible to laugh without experiencing a funny event—and simulated laughter can be just as beneficial as the real thing.

• Question No. 96

Which of the following should be the FOURTH sentence after the rearrangement?

Options :

1. A
2. B
3. C
4. D
5. E

Answer : B

Direction:

Given sentences are not in their exact position. Rearrange them to make a coherent paragraph and then answer the questions given below.

E. Believe it or not, it's possible to laugh without experiencing a funny event—and simulated laughter can be just as beneficial as the real thing.

- Question No. 98

Which of the following should be the THIRD sentence after the rearrangement?

Options :

1. A

2. B

3. C

4. D

5. E

Answer : D

Direction:

Given sentences are not in their exact position. Rearrange them to make a coherent paragraph and then answer the questions given below.

A. It can even make exercise more fun and productive.

- B. Plus, hearing others laugh, even for no apparent reason, can often trigger genuine laughter.
- C. To add simulated laughter into your own life, search for laugh yoga or laugh therapy groups. Or you can start simply by laughing at other people’s jokes, even if you don’t find them funny.
- D. A Georgia State University study found that incorporating bouts of simulated laughter into an exercise program helped improve older adults’ mental health as well as their aerobic endurance.
- E. Believe it or not, it’s possible to laugh without experiencing a funny event—and simulated laughter can be just as beneficial as the real thing.

• Question No. 99

Which of the following should be the FIRST sentence after the rearrangement?

Options :

- 1. A
- 2. B
- 3. C
- 4. D
- 5. E

Answer : E

Direction:

Given sentences are not in their exact position. Rearrange them to make a coherent paragraph and then answer the questions given below.

- A. It can even make exercise more fun and productive.
- B. Plus, hearing others laugh, even for no apparent reason, can often trigger genuine laughter.
- C. To add simulated laughter into your own life, search for laugh yoga or laugh therapy groups. Or you can start simply by laughing at other people’s jokes, even if you don’t find them funny.
- D. A Georgia State University study found that incorporating bouts of simulated laughter into an exercise program helped improve older adults’ mental health as well as their aerobic endurance.

E. Believe it or not, it's possible to laugh without experiencing a funny event—and simulated laughter can be just as beneficial as the real thing.

- Question No. 100

Which of the following should be the FIFTH sentence after the rearrangement?

Options :

1. A
2. B
3. C
4. D
5. E

Answer : C
