- Question No. 4

Which of the following statements is true with respect to the given information?

**Options :**

1. W is an immediate neighbour of his father.
2. Y sits to the immediate left of S.
3. W's mother sits to the immediate left of W.
4. V is the mother-in-law of Z.
5. All the given options are true

Answer : Y sits to the immediate left of S.

Direction:

**Study the given information carefully to answer the given questions:**

Eight persons, S, T, U, V, W, X, Y, and Z are sitting around a circular table facing the centre with equal distances between each other (but not necessarily in the same order). Each one of them is also related to W in some way or

the other.

T sits third to the left of W. Only one person sits between W and Z. W's sister sits to the immediate right of Z. Only two persons sit between W's sister and W's mother. S sits to the immediate right of W's mother. Y sits immediate right of V. W's brother sits third to the right of Y. W's wife sits second to the left of W's brother. Only three persons sit between W's wife and U. W's son sits second to the right of W's father. Only two persons sit between W's father and W's daughter. X sits opposite to W.

• Question No. 5

How is S related to T?

Options :

1. Sister
2. Uncle
3. Father
4. Sister-in-law
5. Daughter

Answer : Sister-in-law

Direction:

There are ten people i.e. R, G, S, I, T, P, L, M, N and O who has seated on two parallel row, each row consist of six chairs. R, G, S, I, and T sit at row 1 facing south and P, L, M, N and O sits at row 2 facing north. They all like different colours i.e. Red, Blue, Green, Black, Pink, Grey, Orange, Crimson, Purple and Silver.

The one who likes Black sits opposite to P. The one who likes Red sits third left of O. S does not sits at any extreme end. One seat is vacant exactly between P and L. The one who likes Blue sits second from right end of the row 2. R faces vacant seat and I faces L. There are 3 seat between N and L who does not face the one who likes Green. O sits opposite to the one who likes Grey who sits at extreme end. T sits just right of one vacant seat. M faces the vacant seat that is second right of R. The one who likes Green faces the one who sits fourth to left of the one who likes Blue. There is only one seat between the one who likes Black and Green. The one who likes Purple sits immediate right of the one who likes Crimson. The one who likes Crimson sits near to G. The one who likes Orange and the one who likes Pink are immediate neighbour of each other.

• Question No. 6

Who among the following likes Grey colour?

**Options :**

1. S
2. T
3. M
4. N
5. G

Answer : G

Direction:

There are ten people i.e. R, G, S, I, T, P, L, M, N and O who has seated on two parallel row, each row consist of six chairs. R, G, S, I, and T sit at row 1 facing south and P, L, M, N and O sits at row 2 facing north. They all like different brands of colours i.e. Red, Blue, Green, Black, Pink, Grey, Orange, Crimson, Purple and Silver.

The one who likes Black sits opposite to P. The one who likes Red sits third left of O. S does not sits at any extreme end. One seat is vacant exactly between P and L. The one who likes Blue sits second from right end of the row 2. R faces vacant seat and I faces L. There are 3 seat between N and L who does not face the one who likes Green. • Question No. 29

**Study the following information carefully and answer the given questions:**

There is a considerable increase in the number of persons affected from TB in the city.

Which of the following statements can be an effective course of action?

**Options :**

1. All the TB Hospitals and Dot centres should be equipped properly for the treatment.
2. TB patient should not be permitted to go to public places.
3. All the Dot centres should be made alert in the city.
4. Both (1) & (3)
5. None of these

Answer : Both (1) & (3)

Direction:

**In the following question a statement is given followed by some more statements. You have to read all the statement and decide which of them strengthen the statement.**

- Question No. 30

Out of all the major quadrennial international sporting events, the Football World Cup is the one that gives Indians the purest pleasure. The Cricket World Cup douses Indians in a broth of tension. The Olympics continue to visit humiliation on the idea of India as an athletic nation. The FIFA jamboree, though, is devoid of any such freight.

Which of the following most strengthen the above statement?

**Options :**

1. Cricket has always been the first love of Indians. Indians breath Cricket and enjoy every bit of it.
2. Cricket is a religion here and it makes a lot of us happy. People need a Sachin in football. Indians want to talk about the popularity of football players in the national side as well.
3. With the people expressing their support, this surely earmarks a turning point for the rise of football in India and exploit the potential of our youth and give impetus to the rising status of this sport.
4. So far, Hockey is the superior sport. Its players took pride in 'their' way of playing - of their touch and superb body language.
5. The performance of Indian Women who reach the Olympics are thus likely to already have exceptional skills, relative to men in India. Therefore, India should field more make an effort to field more women and give them better access to trainers and facilities.

Answer : With the people expressing their support, this surely earmarks a turning point for the rise of football in India and exploit the potential of our youth and give impetus to the rising status of this sport.

**Study the following information carefully and answer the given questions:**

The table given below shows the data about 5 printers A, B, C, D and E and the total number of print (Black & White + Color) and the ratio between color and Black & White print for each printer.

PRINTER	Total number of print (Black & White + Color)	Color : Black & White
A	200	2:3
B	300	3:2
C	420	3:4
D	360	5:7
E	280	2:5

- Question No. 31

What is the sum of the number of color print of Printer C and the number of Black & White print from Printer B?

Options :

1. 350
2. 180
3. 280
4. 300
5. None of these

Answer : 300

Direction:

**Study the following information carefully and answer the given questions:**

- Question No. 35

Find the difference between total number of print of Printer E and the number of color print of Printer D.

Options :

1. 120
2. 150
3. 100
4. 130
5. 90

Answer : 130

- Question No. 36

Train A crosses a pole in 10 sec and train B crosses train A in 40 sec while running in same direction. If ratio of speed of train A to that of train B is 3:4 and train A is 150 m long than train B, then find in how many seconds train B will cross a pole?

Options :

1. 4 sec
2. 2.5 sec
3. 3.5 sec
4. 5.5 sec

5. none of these

Answer : 2.5 sec

• Question No. 37

A and B together can do a work in 10 days, B and C can do together in 6 days while C and A together can do in 5 days. In how many days C alone will complete the work?

**Options :**

1.  $12\frac{2}{11}$  days
2.  $7\frac{1}{2}$  days
3.  $3\frac{2}{3}$  days
4.  $2\frac{3}{5}$  days
5. None of these

Answer :  $7\frac{1}{2}$  days

• Question No. 38

The average number of sweets distributed in a class of 65 students is 7. If 'x' number of students newly joined the class and the average becomes 5, and then find the newly joined students in the class?

**Options :**

1. 15
2. 24
3. 28
4. 10
5. 26

Answer : 26

• Question No. 39

The income of A is 150% of the income of B and the income of C is 60% of the income of A. If the total income of A, B and C together is Rs. 136000, what is C's income?

**Options :**

1. Rs.33000
2. Rs.35000
3. Rs.36000
4. Rs.37000
5. None of these

Answer : Rs.36000

• Question No. 40

4 years ago, the ratio of the ages of A and B was 3:4 and after 3 years it will become 4:5. Find their present ages.

**Options :**

1. 31 yrs, 45 yrs
2. 27 yrs, 41 yrs
3. 25 yrs, 32 yrs
4. 32 yrs, 45 yrs
5. None of these

Answer : 25 yrs, 32 yrs

- Question No. 60

In 2018, if total manufacture of cars of all brands together increases by 10% and the sales of Santro in Maharashtra increased by 15%, then what is the total manufacture of cars of all brands except Santro in 2018?

**Options :**

1. 228150
2. 215765
3. 207290
4. 292775
5. None of these

Answer : 292775

• Question No. 61

Who is the chairman of 15th Finance Commission?

**Options :**

1. Shri N.K. Singh
2. Shaktikanta Das
3. V K Singh
4. Arup Singh
5. Ashok Lahiri

Answer : Shri N.K. Singh

• Question No. 62

Which of the following company is not a foreign insurance company?

**Options :**

1. Acko General Insurance Limited
2. Standard Life Insurance
3. Mitsui Sumitomo Insurance co.Ltd.
4. Prudential Corporation Holdings Ltd.
5. General Insurance Corporation Ltd.

Answer : General Insurance Corporation Ltd.

- Question No. 63

Which of the following is not a Insurance Intermediary?

**Options :**

1. Ombudsman
2. Individual agents
3. Corporate agents
4. Brokers
5. None of the above

Answer : Ombudsman

- Question No. 64

Insurance companies can have a exposure of to financial and insurance activities upto \_\_\_\_\_ of investment assets as per IRDAI.

**Options :**

1. 30%
2. 40%
3. 50%
4. 60%
5. 70%

Answer : 30%

- Question No. 65

Which of the following is not one of the stages in product life cycle?

**Options :**

1. Market Introduction
2. Market Growth

3. Market Difference
4. Market Maturity
5. Market Decline

Answer : Market Difference

• Question No. 66

Which of the following is insurable?

**Options :**

1. Perishable goods like fruits and vegetables.
2. Intellectual property
3. Third party asset
4. Judicial cases
5. Reliance Share Insurance

Answer : Reliance Share Insurance

• Question No. 67

"Uberrimae fidei" or "uberrima fides" means -

**Options :**

1. Good Chance
2. First Sight
3. To give the information about
4. Utmost Good Faith
5. None of the above

Answer : Utmost Good Faith

• Question No. 68

What is the minimum tenure of public provident fund?

**Options :**

1. 10 Years + You can extend it in blocks of 5 years
2. 15 Years + You can extend it in blocks of 5 years
3. 20 Years + You can extend it in blocks of 5 years
4. 25 Yeras + You can extend it in blocks of 5 years
5. None of the above

Answer : 15 Years + You can extend it in blocks of 5 years

• Question No. 69

Identify the correct full form of GAAT?

**Options :**

1. Global Agreement of Trade and Tarrif
2. General Agreement of Technology and Tarrif
3. General Agreement of Trade and Tarrif
4. General Agreement of Trade and Technology
5. Global Agreement of Technology and Tarrif

Answer : General Agreement of Trade and Tarrif
