**In each question below is given a statement followed by two courses of action numbered I and II. You have to assume everything in the statement to be true and on the basis of the information given in the statement, decide which of the suggested courses of action logically follow(s) for pursuing.**

- Question No. 6

**Statement:** A dentist of Hospital DBX situated in town X of the population nearly 1 lac is giving a test prescription unnecessarily. This test is also very particular but used for a non-serious disease detection.

**Course of action:**

- I. The Government should set up a committee and mandate the review of every referral for that test.
- II. Government should impose a cap on the price of that particular test.

**Options :**

1. Neither 1 nor 2
2. Only 1
3. Both 1 and 2
4. Only 2
5. Either 1 or 2

Answer : Only 1

Direction:

**In the question below a statement followed by two course of actions numbered I and II has been given. On the basis of the information given, you have to assume everything to be true and then decide which course of action logically follow(s) for pursuing.**

- Question No. 7

**Statement:** Delhi is suffering from traffic blocks and pollution from vehicle exhaust.

**Course of Action:**

I. Should encourage the use of public transport and device a system to reduce the use of private vehicle.

II. Should ban usage of private vehicle inside the city.

**Options :**

1. Only assumption I is implicit
2. Only assumption II is implicit
3. Either assumption I or II is implicit
4. Neither assumption I nor II is implicit
5. Both the assumptions I and II are implicit.

Answer : Only assumption I is implicit

Direction:

**In the question below a statement followed by two course of actions numbered I and II has been given. On the basis of the information given, you have to assume everything to be true and then decide which course of action logically follow(s) for pursuing.**

- Question No. 8

**Statement:**

Renowned businessman Vijay Malaya has absconded to UK fearing arrest in a Money Laundry Case.

**Course of Action:**

I. The government should ask the UK administration to put him to trial under UK laws.

II. The government should start dialogue with the UK administration to bring Malaya back to put him to trail in India only.

**Options :**

1. Only assumption I is implicit

2. Only assumption II is implicit
3. Either assumption I or II is implicit
4. Neither assumption I nor II is implicit
5. Both the assumptions I and II are implicit.

Answer : Only assumption II is implicit

• Question No. 9

The positions of the first and the fifth letters of the word **DIVIDEND** are interchanged, similarly, the positions of the second and sixth letters and third and seventh letters are interchanged and fourth and eighth are interchanged. In the new arrangement thus formed, how many letters are there between the letter which is third from the right and the letter which is fourth from the left according in the English alphabetical order?

Options :

1. Three
2. One
3. Four
4. Two
5. More than four

Answer : Four

Direction:

**In each of the questions below, Statements are given followed by two conclusions. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.**

• Question No. 10

**Statements:**

Some Cricket is Polo.

Only a few Polo is Golf.

All Golf is Football.

**Conclusions:**

All Cricket being Golf is possibility.

Some Football is Polo.

**Options :**

1. If Only Conclusion I follows.
2. If Only Conclusion II follows.
3. If Either Conclusion I or II follows.
4. If Both Conclusions I and II follow.
5. If Neither Conclusion I or II follows.

Answer : If Both Conclusions I and II follow.

Direction:

• Question No. 23

**A question is given, followed by two statements numbered (I) and (II). You have to decide whether the data provided in the statements is sufficient to answer the question. Read both the statements and select the appropriate answer.**

Five persons G, H, I, J and E sit in a linear row and face towards the north direction but not necessarily in the same order. Who sits second to the right of J?

Statement I: G sits second from one of the extreme ends. E sits immediate left of G. I sits second to the right of E.

Statement II: J sits immediate left of H. E sits second to the left of I. G sits to the right of H.

**Options :**

1. Data in statement I alone is sufficient to answer the question.
2. Data in either statement I alone or statement II alone is sufficient to answer the question.
3. Data in statements I and II together is sufficient to answer the question.
4. Data in statement II alone is sufficient to answer the question.
- 5.

Answer : Data in statement II alone is sufficient to answer the question.

• Question No. 24

**The question given below consists of two statements numbered I and II given below it. You have to decide whether the data provided in the statements are sufficient to answer the question. Read all the statement and answer the question.**

Seven persons F, G, H, I, J, K, and L live in a 7-storey building but not necessarily in the same order. The bottommost floor is numbered as 1 and the topmost shelf is numbered as 7. Who lives just above H?

**Statement I:** Three persons live between L and K. G lives just below I. I lives just below K. H lives above J, who lives just above F. J doesn't live on the even-numbered floor.

**Statement II:** H lives two floors above F. F lives at one of the perfect square numbered floors. Two persons live between J and I. G lives two floors below K.

**Options :**

1. If the data given in statement I alone is sufficient to answer the question.
2. If the data given in statement II alone is sufficient to answer the question.
3. If the data given in either statement I or statement II alone is sufficient to answer the question.
4. If the data given in both the statement I and statement II together are sufficient to answer the question.
5. If the data given in both the statement I and statement II together are not sufficient to answer the question.

Answer : If the data given in statement I alone is sufficient to answer the question.

• Question No. 25

**The question given below consists of two statements numbered I and II given below it. You have to decide whether the data provided in the statements are sufficient to answer the question. Read all the statement and answer the question.**

Six persons T, U, V, W, X and Y has seminar on two different days i.e., 14th and 17th of three different months i.e., May, June and July of the same year, but not necessarily in the same order. Who has the seminar on 17th June?

**Statement I:** U has seminar on 17th of the month which has odd number of days. Two persons has seminar between U and Y. No one has seminar before W. One person has seminar between T and X.

**Statement II:** T has seminar on 17th. T has seminar just before Y. As many persons has seminar before V as after T. V has seminar after T.

**Options :**

1. If the data given in statement I alone is sufficient to answer the question.
2. If the data given in statement II alone is sufficient to answer the question.
3. If the data given in either statement I or statement II alone is sufficient to answer the question.
4. If the data given in both the statement I and statement II together are sufficient to answer the question.
5. If the data given in both the statement I and statement II together are not sufficient to answer the question.

Answer : If the data given in both the statement I and statement II together are sufficient to answer the question.

What type of cyberattack involves stealing personal information by connecting a malicious USB device into your phone or laptop while charging?

**Options :**

1. Phishing
2. Ransomware
3. Man-in-the-Middle
4. Denial-of-Service
5. Juice jacking

Answer : Juice jacking

• Question No. 39

Which company introduced the mobile app Shopsy in July 2021, enabling people in India to start their own online reseller business?

**Options :**

1. Amazon
2. Snapdeal
3. Myntra
4. Flipkart
5. Paytm

Answer : Flipkart

- Question No. 40

Which railway station was awarded the 'Green Railway Station' certification with the highest rating of Platinum by the Indian Green Building Council (IGBC) for its environmental efforts and eco-friendly services to passengers?

**Options :**

1. Chennai Central Railway Station
2. Vijayawada Railway Station
3. Howrah Junction Railway Station
4. Chhatrapati Shivaji Terminus Railway Station
5. New Delhi Railway Station

Answer : Vijayawada Railway Station

- Question No. 41

What is the Asian record of 4\*400 meter men relay team at World Athletics Championships?

**Options :**

1. 03:01:51 mins
2. 02:57:20 mins
3. 02:59:05 mins
4. 03:05:12 mins
5. 03:09:01 mins

Answer : 02:59:05 mins

- Question No. 42

How many digits are there in the HSN (Harmonized System of Nomenclature) code, which is a uniform code used for the systematic classification of goods worldwide?

**Options :**

1. 3 digits

- 2. 4 digits
- 3. 5 digits
- 4. 6 digits
- 5. 7 digits

Answer : 6 digits

• Question No. 43

Until October 2023, what is the highest exchange value of Pound Sterling in terms of INR, setting a record high since 1947?

**Options :**

- 1. 100.53 INR
- 2. 104.05 INR
- 3. 105.94 INR
- 4. 106.05 INR
- 5. 107.72 INR

Answer : 107.72 INR

• Question No. 44

India hosted the G 20 and is currently part of the G20 Troika comprising which two other countries?

**Options :**

- 1. Indonesia and Brazil
- 2. Italy and Indonesia
- 3. Italy and Brazil
- 4. Brazil and Mexico
- 5. Mexico and Indonesia

Answer : Indonesia and Brazil

• Question No. 45

The RIDF (Rural Infrastructure Development Fund) was set up by the Government in 1995-96 for financing ongoing rural infrastructure projects and is managed by:

**Options :**

1. Reserve Bank of India (RBI)
2. National Bank for Agriculture and Rural Development (NABARD)
3. Ministry of Rural Development
4. NITI Aayog
5. Ministry of Finance

Answer : National Bank for Agriculture and Rural Development (NABARD)

• Question No. 46

The recent amendment in the Prevention of Money-Laundering Act, 2002, by the Ministry of Finance aims to expand the scope of the Act to include a broad spectrum of transactions related to:

**Options :**

1. Real Estate
2. Precious Metals
3. Virtual Digital Assets
4. Foreign Exchange
5. Agricultural Commodities

Answer : Virtual Digital Assets

• Question No. 47

The committee set up by the Government to review the pension scheme for government employees and suggest changes in the National Pension System (NPS), was headed by:

**Options :**

1. T V Somanathan
2. Nirmala Sitharaman
3. Shaktikanta Das
4. Arvind Subramanian
5. Raghuram Rajan

Answer : T V Somanathan

• Question No. 48

The BSE (Bombay Stock Exchange) is designed to reflect the growth and performance of the top listed companies. How many companies are included in the BSE index?

Options :

1. 20
2. 30
3. 40
4. 50
5. 60

Answer : 30

• Question No. 49

With effect from February 4, 2020, the Deposit Insurance and Credit Guarantee Corporation (DICGC) increased the insurance cover for depositors in insured banks from ₹1 lakh to:

Options :

1. ₹2 lakh
2. ₹3 lakh
3. ₹4 lakh
4. ₹5 lakh
5. ₹6 lakh

Answer : ₹5 lakh

• Question No. 50

Ajit Ninan recently died due to cardiac arrest, best known for the 'Centrestage' series, contributed to which magazine where he gained recognition for his work?

**Options :**

1. The Week
2. Frontline
3. India Today
4. The Caravan
5. Outlook

Answer : India Today

• Question No. 51

5 years ago, the ages of 'Arunita' and 'Bhasker' were in the ratio 2:3. 5 years from now, the age of 'Arunita' will be 25% less than that of 'Bhasker'. Determine the sum of their current ages.

**Options :**

1. 25 yrs
2. 55 yrs
3. 65 yrs
4. 60 yrs
5. none of these

Answer : 60 yrs

• Question No. 52

Anoop invested a sum at a simple interest rate of 8% per annum, and it grew to Rs.1,850 in 6 years. If the same sum is invested at a compound interest rate of 20% per annum for 2 years, what would be the amount received after 2 years?

**Options :**

1. Rs.1,800
2. Rs.1,900
3. Rs.1,850
4. Rs.1,500
5. none of these

Answer : Rs.1,800

• Question No. 53

The ratio of juice to soda in an 84-liter mixture (juice + soda) is 9:5. A certain quantity of this mixture is taken out and replaced with the same quantity of soda. If the final mixture has a ratio of 3:4 for juice and soda, respectively, determine the quantity of the mixture that has been taken out.

**Options :**

1. 15 liters
2. 25 liters
3. 45 liters
4. 28 liters
5. none of these

Answer : 28 liters

• Question No. 54

The ratio of the cost prices of Leather Shoes to Sports Shoes is 6:5. Both types of shoes are sold after a single discount of 20% for Leather Shoes and 25% for Sports Shoes. If the selling price is the same for both shoes, and the difference between their marked prices is Rs. 125, find the cost price of Leather Shoes, considering that Leather Shoes were sold at a profit of Rs. 300.

**Options :**

1. Rs.1265

2. Rs.1200
3. Rs.2200
4. Rs.1100
5. none of these

Answer : Rs.1200

• Question No. 55

A and S commenced a business with capitals of Rs. 15,000 and Rs. 13,500, respectively. After 9 months, they withdrew one third of their capital. Determine A's share of the profit out of the total profit of Rs. 22,800 at the end of the year.

**Options :**

1. Rs.32000
2. Rs.22000
3. Rs.12650
4. Rs.12000
5. none of these

Answer : Rs.12000

• Question No. 56

The speed of a Vande Bharat train is 72 km/h, and it takes 16 seconds to cross a tree. Determine the time taken by the train to cross a platform when the ratio of the length of the platform to the length of the train is 11:8.

**Options :**

1. 32 sec
2. 28 sec
3. 38 sec
4. 25 sec
5. none of these

Answer : 38 sec

• Question No. 57

Twenty laborers can complete a piece of work in 12 days. If 20 laborers started working and after 3 more days, additional laborers joined to complete the remaining work in 6 days, determine the number of laborers who joined after 3 days of the work started.

**Options :**

1. 15
2. 12
3. 25
4. 10
5. none of these

Answer : 10

• Question No. 58

The monthly income of Anamika and Vimla is in the ratio 4:3. Anamika's monthly savings are 25% more than Vimla's. Vimla's monthly expenditure is Rs. 6,000 more than Anamika's monthly savings. If Vimla spends Rs. 22,000 in a month, determine Anamika's monthly income.

**Options :**

1. Rs.35,000
2. Rs.52,000
3. Rs.12,000
4. Rs.32,000
5. none of these

Answer : Rs.32,000

• Question No. 59

'H' sells an article at a 20% profit. If he had bought it at 20% less and sold it for Rs. 40 more, he would have gained 75%. Determine the cost price of the article.

**Options :**

1. 100
2. 200
3. 150
4. 165
5. none of these

Answer : 200

• Question No. 60

Anuj covered a distance of 188 km in 8 hours. He traveled part of the distance on a cycle at a speed of 15 km/hr and the remaining distance by walking at a speed of 32 km/hr. Determine the distance he covered by walking.

**Options :**

1. 120 km
2. 100 km
3. 128 km
4. 150 km
5. none of these

Answer : 128 km

**What will come in place of the question mark (?) in the following series?**

- Question No. 68

48, 24.5, ?, 39.75, 81.5, 206.25, 621.75

**Options :**

1. 25.5
2. 45.25
3. 15.6
4. 22.8
5. none of these

Answer : 25.5

• Question No. 69

Which computer part is responsible for storing data permanently, even when the power is turned off?

**Options :**

1. RAM
2. CPU
3. Hard Drive
4. Motherboard
5. none of these

Answer : Hard Drive

• Question No. 70

Which component of a computer is responsible for managing and coordinating various hardware components?

**Options :**

1. CPU
2. GPU
3. Motherboard
4. Hard Drive
5. none of these

Answer : Motherboard

- Question No. 71

Which technology is used in SSDs for storing data?

**Options :**

1. Magnetic disks
2. Flash memory
3. Optical media
4. Magnetic tape
5. none of these

Answer : Flash memory

- Question No. 72

How does an SSD contribute to faster boot times and application loading in a computer system?

**Options :**

1. By providing larger storage capacity
2. By utilizing volatile memory
3. By eliminating mechanical latency
4. By decreasing processor speed
5. none of these

Answer : By eliminating mechanical latency

- Question No. 73

What is the function of the "SUM" function in Microsoft Excel?

**Options :**

1. Counts the number of cells in a range
2. Adds up the values in a range of cells
3. Finds the average of values in a range

4. Multiplies values in a range
5. none of these

Answer : Adds up the values in a range of cells

• Question No. 74

In Excel, what does the formula "=A1+B1" represent?

**Options :**

1. Division of cells A1 and B1
2. Concatenation of cells A1 and B1
3. Addition of cells A1 and B1
4. Subtraction of cells A1 from B1
5. none of these

Answer : Addition of cells A1 and B1

• Question No. 75

What is the function of the "IF" function in Excel?

**Options :**

1. Text formatting
2. Logical testing and conditional calculations
3. Sorting data
4. Inserting images
5. none of these

Answer : Logical testing and conditional calculations

The rapid advancements in technology have revolutionized the way we live and work. From smartphones to artificial intelligence, these innovations have transformed various aspects of our lives. One area greatly impacted by

technology is the workplace. Automation and robotics have emerged as significant disruptors in the labor market. Many routine and repetitive tasks previously performed by humans are now being automated, leading to concerns about job security and unemployment. While automation may lead to job displacement in certain sectors, it also creates new opportunities for workers in emerging fields. The rise of remote work is another major trend influenced by technology. With the development of high-speed internet and collaboration tools, employees can now work from anywhere in the world. This flexibility offers benefits such as improved work-life balance and reduced commuting time. However, it also presents challenges in terms of managing remote teams and maintaining effective communication. Data analytics and machine learning have become essential tools in decision-making and business operations. Companies now have access to vast amounts of data, allowing them to gain insights into customer behavior, optimize processes, and drive innovation.

However, this reliance on data also raises concerns about privacy and data security. Technology has also transformed the way we learn and acquire knowledge. Online education platforms and e-learning tools have made education accessible to a wider audience. Students can now access course materials, participate in virtual classrooms, and engage with instructors from around the world. However, the digital divide still exists, with many individuals lacking access to reliable internet connections and technology devices. The integration of technology into the workplace has brought both benefits and challenges. While automation and remote work offer increased efficiency and flexibility, they also require individuals and organizations to adapt and upskill. Continuous learning and staying abreast of technological advancements have become essential for career growth and competitiveness in the job market.

- Question No. 76

What is a primary apprehension linked to automation in the workplace?

**Options :**

1. it entails an increase in job opportunities in emerging fields.
2. it is associated with an improvement in work-life balance for employees.
3. revolves around potential job displacement and unemployment.
4. it is related to enhanced decision-making and business operations.
5. concerns the altered flexibility in company work arrangements.

Answer : revolves around potential job displacement and unemployment.
